 see her walls, her strong foun - da - tions; tell the com - ing gen - er - a - tions:

He, her sure de - fence, will ev - er be her strength, for - sake her nev - er. _____
 as when, by an east wind bat - tered, ships of Tar - shish all are scat - tered. _____
 and your praise, your ex - al - ta - tion, reach the earth's re - mot - est na - tion. _____
 Such is God, our God, for - ev - er; he, our guide, will leave us nev - er. _____
